

UNMANNED @

Security & Safety Expo

The Only Drone Event Dedicated to Security Applications

April 11-13, 2018 | Sands Expo | Las Vegas, NV

What is Unmanned Security & Safety Expo @ ISC West?

The Unmanned Security & Safety Expo is a dedicated UAV & UGV event located right on the ISC West exhibit floor, ensuring that participants interact with and reap all the benefits of the complete ISC West audience. Unmanned Security & Safety Expo will include exhibits, education, as well as demos of the best UAV, UGV and drone detection equipment on the market. Unmanned Security & Safety Expo will take place within the LARGEST physical security trade-show in North America, with a guaranteed audience of over 30,000 physical security professionals.

What Makes Unmanned Security & Safety Expo @ ISC West The Perfect Platform?

73%

Of ISC West attendees are interested in learning more about FAA changes to UAV regulations
