

Updated Information and Guidance Regarding ISC West 2021

The event was originally slated to be held March 23-26, but after extensive internal and external consultation and monitoring of the ongoing COVID-19 virus pandemic, we have made the decision to reschedule ISC West 2021 to now take place July 19-21.

November 12, 2020 – Norwalk, CT – ISC West, in collaboration with premier sponsor, the Security Industry Association (SIA), has announced breaking news and guidance regarding ISC West 2021. The event was originally slated to be held March 23-26, but after extensive internal and external consultation and monitoring of the ongoing COVID-19 virus pandemic, we have made the decision to reschedule ISC West 2021 to now take place July 19-21 at The Venetian Resort and Sands Expo & Convention Center in Las Vegas. We thank The Venetian Resort for their leadership, partnership and ongoing dedication to bringing our event back safely.

We're pleased to have a plan in place to produce ISC West in 2021, and after a long respite, the ISC and SIA teams look forward to welcoming our customers back to Las Vegas for strong education, demos, product announcements, awards ceremonies, networking opportunities, special events, and more.

Now more than ever, the security industry's integrators/installers/dealers/consultants and end-user practitioners have an essential services role, with heightened responsibility for protecting companies, employees, customers and the public. The 2021 event will further accelerate the convergence of security, public safety and health tech solutions, and chart the course for expanded levels of public-private sector cooperation and results. The 2021 SIA Education@ISC West program will include our extensive schedule of physical security and converged security content, while also adding in key new topics. The curriculum will include a new track on health and safety best practices in response to the COVID-19 pandemic, including case studies and technology solutions that address employee/customer wellness and access control, business continuity, and facilities management. Plus, the 2021 event model will also offer a hybrid format – with both face-to-face conference pass and virtual conference pass options available, in order to serve the wide-reaching ISC community.

Our security and public safety community by nature is very face-to-face, with physical presence and engagement being the foundation of the business, solutions and professional diligence. To ensure that ISC West is the safest environment for a live event, our Reed Exhibitions Health & Safety Task Force, along with the expert team at the Sands Expo venue, will be ensuring that all key health and safety protocols and systems are in place for hygiene and cleaning, air conditioning and ventilation, physical distancing, PPE, health tech and health services.

ISC West Topline Schedule: July 19-21, 2021:
